

# DUT DIALOGUE: SEXUAL VIOLENCE AND THE CAMPUS COMMUNITY

Angela Buckland "My birthday Wish" Digital print

We tackle an issue frequently silenced, that of sexual violence and how it impacts on the university community. There is increasing information on sexual violence both on campus and in the lives of those who come to campus; the role of this feminist dialogue is to open up discussion on what happens, what its effects are and how we combat it. Discussion will include young women from NMMU and DUT speaking of their experiences and concerns.

The next issue of Agenda: Gender and Climate Change, will be launched at the Dialogue.
